Five Russian and One British Warship Have Arrived at Taku-Other Vessels Are Hourly Expected.

Tien Tsin, May 31.-American, British, Japanese, German, Italian, Russian and French troops to the numallow them to proceed hence to Pekin on the railway without the authority of the Tsung-Li-Yamen. One hundred and eight Americans, with a machine gun and a field gun, landed here Tuesday night amidst great enthusiasın on the part of the residents. Five Russian and one British warship have arrived at Taku and the British are now landing.

Three thousand Chinese troops from Lu Tai were expected here Wednesday en route to Fang Tai.

Tien Tsin is in no danger. rekin, May 29 (Tuesday).-From all parts of the surrounding country news is constantly arriving of fresh atrocities committed by the "Boxers." Three Christian families were massacred at Shan Lai ling, 60 miles from Pekin, Friday, Máy 25. Only two escaped.

A press representative visited Fang Tai this morning and found the place occupied by a battalion of troops. The whole railroad station, work shops and locomotive sheds were gutted and much rolling stock was destroyed, including the imperial palace car. Large godowns (Chinese warehouses) full of valuable merchandise were burned after having been looted by the rioters. The damage done is estimated at half a million taels

The neighboring villagers seem to have joined in the attack, showing that the movement is not confined to the "Boxers." Eight rioters who were captured will be decapitated.

Riding through the south gate of Pekin the correspondent found the road inside the walls lined with troops, who greeted the traveler and his party with a fusilade of stones. The whole country is much excited.

London, May 31.-A special dispatch from Shanghai says: "The Chinese government has issued an edict prohibiting the Boxers' organization under penalty of death. The edict, which was signed by the emperor, was couched in equivocal terms and promulgated really more as an excuse than in condemnation of the movement."

The Daily Mail has received the following from Tien Tsin, dated May 30: "Heavy fighting has taken place between the imperial troops and the Boxers at Lai-Shin-Hi-Sien, but the result is not known here. Railway traffic at Pekin has been resumed. The foreign settlement here is sufficiently protected by the American and Japanese troops which have been landed. Consequently the excitement has abated."

PHILIPPINE COMMISSION.

Are in Consultation With Consul General Wildman-Leave Hong Kong for Manila Friday,

Hong Kong, May 31.-President Mc-Kinley's new Philippine commission has been engaged in consultation with Consul General Wildman. The members of the commission probably will leave for Manila on Friday. It is likely that Wildman will accompany them.

The British colonial officials are extending every courtesy to the commissioners, endeavoring to familiarize them with the colonial methods of the English.

A policy has been formulated since the arrival of the commissioners and they confidently believe that they will be able to pacify the Filipinos. Consul General Wildman has urged upon the commissioners the following

policies: Free trade, the free admission of the Chinese, the expulsion of the friars, and the return of all property that has been confiscated il-

legally.

FIFTY-SIXTH CONGRESS.

Summary of Leading Events.

Washington, May 24.—Senute—The duty of the United States toward its "island possessions" was the subject of a heated political discussion. No business was transacted.

House-For eight hours the members discussed the Alaskan civil government bill. But little progress was made. An amendment was adopted authorizing the secretary of war to issue permits to excavate or dredge for gold below low-water mark on the beach at Cape Nome. The conference report on the Indian appropriation bill was adopted.

Washington, May 25.-Senate-A ber of 100 each have been ordered to discussion on the Spooner Philippine ical questions that simply reeked with casuisguard their respective legations at bill occupied most of the time. Pekin, but the viceroy here will not sundry civil appropriation bill, which allow them to proceed hence to Pekin carries \$65,812,930, or over \$4,000,000 more than as it passed the house, was taken up and 157 pages disposed of.

House-Two kours were devoted to considering the Alaskan civil govern-ment bill without completing it. The remainder of the session was devoted to private pension bills. Among those favorably acted upon were the senate bills to pension the widow of the late Capt. Gridley, who commanded the Olympia in the battle of Manila, at \$50 per month.

Washington, May 26 .- Senate-A resolution was adopted providing for congressional investigation of the Cuban postal frauds. The credentials of Senator-elect Blackburn, signed by Gov. Beckham, of Kentucky, were presented and filed. Mr. Pettigrew's resolution calling upon the secretary of war for a statement of the number of Filipinos who have been killed by United States troops in the present insurrection was agreed to.

House—The Hay resolution, calling upon the postmaster general for certain information regarding the reports of E. G. Rathbone, director of the posts in Cuba, was adopted without division. Another resolution, calling upon the secretary of war to report in detail the payments made and to whom from the revenues of Cuba and Porto Rico, was also adopted.

Washington, May 28 .- Senate-The reading of the sundry civil appropriation bin was completed, but not all of the committee amendments have beer disposed of. A lively debate was precipitated over the proposition to con-tinue the life of the industrial commission until October 31, 1901.

House-The Alaskan civil government bill was passed. Other bills passed were: Authorizing the presidert to appoint ten first lieutenants of the signal corps, whose commissions shall expire June 30, 1901, and to provide six additional officers in the subsistence bureau of the war department; to ratify the agreement of the commission to the five civilized tribes and the Seminole Indians; to restore to the public domain a small tract of White mountain Apache Indian reservation, Arizona; to exchange gold bars for gold coin.

Washington, May 29.-Senate-An amendment appropriating \$5,000,000 for the Louisiana purchase exposition to be held in St. Louis in 1903 was added to the sundry civil appropriation bill on condition that \$10,000,000 in addition be raised by the exposition authorities. The State Department Will Probably Accept the Delagoa Arbitration Awards.

Washington, May 31.-It is probable that the state department will accept the result of the arbitration in the Delagoa railroad case. The Mc-Murdo heirs, the only American claimants against the Portuguese government, are very much dissatisfied at the outcome of the arbitration, which reduced their allowance from about \$1,500,000 to an insignificant fraction of that sum.

Naturally they are anxious that the United States government should re fuse to accept the arbitration. But the British government, representing a very much larger claim in the same arbitration, so far has shown no sign of a disposition to reject the verdict, and as it would be an unparalleled action for one party to an arbitration to reject the conclusions, the United States government must accept the findings of the Swiss arbitrators in this case, though satisfied of the inadequacy of their allowance.

Must Drop One Order.

Milwaukee, Wis., May 31.-The locomotive engineers resolved that locomotive firemen, when promoted to the position of engineer, must drop their membership in the Brotherhood of Locomotive Firemen if they want to become members of the Brotherhood of Locomotive Engineers.

New York, May 31.-Fire destroyed the Palisades paper mills in Hoboken. Loss, \$100,000. The mills were owned by the Palisades Co. They were shut been in operation for three weeks.

Particular About His Shoes.

A western couple who were on a visit to ew York for the first time put up at the Waldorf-Astoria during their stay in this city, and what was left of their first day in New York they largely devoted to viewing the decorations of the hotel. The myrtle room, the Astor gallery and the great ball-room were viewed by them, and the mag-nificence of the appointments and oppulent decorations left them breathless. They said little, however, in comment, but that awe was one of the feelings that what they had witnessed gave rise to was evidence by the husband, who, upon retiring for the night, when he was asked by his faithful spouse, if, according to his usual custom, he was not going to put his shoes outside to be blackened, emphatically replied: "Not much. If I did they'd gild them."—N. Y. Tribune

In his history of New York, one of the classics of American authorships, Diedrick Knickerbocker (Washington Irving) wrote lovingly, yet with unctuous sarcasm, of the beauties and traditions of his loved "Nieu Netherlands," the peaceful valley of the Hudson from Albany to Manhattan, the many legends with which the entire region abounds—notably that of Rip Van Winkle and his long sleep—and of the ancient names and families whose descendants are still a power in that locality. So far-reaching were the effects of the "History" that in time the name "Knickerbocker" became the popular one for the patron saint of New York City, he usually being represented as a benignant old Germar of ample girth, clutching firmly the long-stemmed clay pipe which Irving immortalized and gazing over his beloved City. mortalized and gazing over his beloved City. Recognizing the vein of sentiment in the American people long ago a train service was inaugurated to New York from St. Louis to which Father Knickerbocker lent his name and through the efforts of the line which introduced the service the "Knickerbocker Special" has become as familiar to the average traveled American as to the residents of his own City. Leaving St. Louis at noon, the traveler is borne swiftly and safely to Father Knickerbocker's abode, traversing by daylight those scenes with which ersing by daylight those scenes with which he was so familiar, arriving at New York the
